PROSPECT LAKE CELEBRATION THE WORLD PAYS TRIBUTE

Business Practically Suspend-
ed; One Postoffice Deliv-
ery; Banks Closed
Exercises Held in All Parts of
Globe For Late Leader
Salvation Army

Labor day will be widely observed here today, although no parade or other official celebration is planned. The city and county offices, together with the banks, public library, Mining Exchange and most of the business houses will be closed, and there will be only the morning delivery from the postoffice. The money order department of the postoffice will be closed all day, and the other windows will close at noon.

A big picnic will be given at Prospect lake under the auspices of the Colorado Improvement society and the Colorado Springs Federated Trades assembly. An elaborate program of sports, music and addresses has been arranged, and those in charge hope to show the advantages of the lake section as a city park. Another picnic with a varied program will be given at Monument Valley park by the Bible school of the First Christian church, and innumerable small outings have been planned for the picturesque garden spots in the Pikes Peak region.

At Stratton park the Midland band will give a concert in the afternoon, while a dance will be given in the Stratton pavilion both afternoon and evening. The Midland band will play at North park tonight.

The Denver Cottrells and the Zooz will play ball at Zoo park, while golf will be on at the Colorado Springs Golf club, and the tennis tournament will start at the Cheyenne Mountain Country club, with auto polo at Washburn field.

Following is the program for the picnic at Prospect lake, beginning at 10:30 a. m.

Prospect Lake Picnic.

Sailing boat race—Prize, silk flag, donated by Out West Tug and Awning company.

Rowing boat race.

Swimming race—Prize, 10 tickets to Savoy theater; donated by Lieutenant King.

Driving contest—Prize, 10 tickets to Savoy theater; donated by Lieutenant King.

11:30 a. m.—Address by Mayor H. F. Avery.

Basket dinner at 12:15.

1:30 p. m.—Music.

Address by Judge W. S. Morris.

Singing by Hillsdale quartet.

Music.

100-yard dash for ladies more than 20 years old—Prize, set silver spoons; Hutchinson-Hill Land company.

100-yard dash for ladies 15 to 20 years—Prize, silk umbrella; by Perkins & Shaver.

50-yard dash for girls under 15 years—Prize, toilet set; by Hefley-Arculus Drug company.

50-yard dash, fat ladies—Prize, belt buckle; Hutchinson-Hill Land company.

Slim ladies race, 50-yard dash—Prize, gloves; by Gano-Downs.

Novelty race for ladies—Prize, nickel coffee pot; by Ball-Dickerson Hardware company.

Perfume race—Prize, five bottles perfume; Boyce Drug company.

100-yard race for boys under 17 years—Prize, football; G. S. Barnes & Son.

100-yard dash, free-for-all—Prize, (Continued on Page Five.)

Watch This Space Daily PROGRESSIVE REPUBLICAN BULLETIN

REGISTER TOMORROW.
REGISTER AT THE COURT HOUSE.
DO NOT DELAY THIS IMPORTANT DUTY—
FRIDAY IS THE LAST DAY.

The women can play an important part in the fight for good government this fall by telephoning their friends and neighbors in every section of the city to determine whether or not these friends and neighbors are properly registered.

The women voters are doing a wonderful work in the city today—they can add materially by giving the registration matter a little attention.

REMEMBER If you did not vote at the state election two years ago you must register before you can vote in the primaries September 10.

If you did vote two years ago and have since moved out of the precinct in which you resided at that time, you must register again to be eligible to vote in the primaries September 10.

Take no chances REGISTER TOMORROW AT THE COURT HOUSE.
REST TODAY—REGISTER TOMORROW.

Antimachine Republicans Refuse to Give Up Principles; Will Fight at Primaries

Special to The Gazette.
DENVER, Sept. 1.—Following two conferences here today between Progressive Republican leaders of Colorado and Senator J. M. Dixon, Roosevelt's campaign manager, requested by Dixon to try to adjust the differences between the Progressives in this state, the Progressive Republicans tonight issued the following self-explanatory statement:
"To the Progressive-Republican of Colorado:
"We each received a wire from Senator Dixon asking a conference in Denver Sunday at the Brown hotel for the purpose of adjusting, if possible, the differences between the Progressives in Colorado.
"We met Senator Dixon in two conferences, at the last of which he stated that a compromise could be effected if we withdrew as candidates at the September primary, in which event Mr. Stewart would be nominated for senator, Mr. Griffith for attorney general, and Mr. Vincent for congressman-at-large.
"We decline because we see no justification for abandoning the primary or the group of candidates with us, or those who have supported us.
"We began this fight early in the year to help secure the nomination of Colonel Roosevelt and to back up the bipartisan machine in Colorado. We continued that fight through the state committee in February, the state convention in March, and down to the present hour. The fight was not begun in a scramble for office; we cannot compromise merely because such a compromise holds a prospect of temporary personal success; but we will continue that fight to a finish.

WILL NOT ABANDON PRIMARY

Holding, as we do, that Mr. Taft's nomination at Chicago was illegal and secured by fraudulent votes, we do not consider that his selection at Chicago is binding on us. On the contrary, believing that Colonel Roosevelt was the choice of a majority of the honestly elected delegates to that convention, we have been making the fight for him. The people of this state have been demanding a direct primary for 10 years, and now that we have it, we do not propose to abandon it to the forces of the machine in Colorado.

"A situation similar to ours exists in Pennsylvania, Minnesota and Washington, which is apparently acquiesced in by Senator Dixon, and the direct primary has been employed by the Roosevelt forces; acting within the Republican party, in the states of Kansas, South Dakota, Nebraska, California and Oregon. And in Colorado some of those who are insisting on a third party state ticket are candidates at the primary and are urging the nomination of candidates at that primary on the Democratic ticket.

"Nevertheless, and finally, we will continue to carry on this fight on progressive principles for Colonel Roosevelt and to put the machine out of business in Colorado. The Progressive Republicans will continue with us in the primary election.

Signed,
"PHILIP B. STEWART
"M. D. VINCENT
"BENJAMIN GRIFFITH"

Senator Dixon, Unable to Effect a Compromise in Progressive Party Difficulties, Will Place Full Third Ticket in Colorado

DENVER, Sept. 1.—United States Senator Joseph M. Dixon's efforts to effect a compromise in the Progressive party difficulties in Colorado failed tonight, and he immediately gave out a statement that a full third party ticket would be placed in the field in this state.

The plan was to have Philip B. Stewart, nominee of one wing of the Progressive party, withdraw his name as candidate for governor before the Republican primary, September 10, in return for which he was to be made the third-party nominee for the United States senate (long term), which would leave only the name of Edward F. Costigan before the voters as candidate for governor on the Progressive party ticket.

Senator Dixon's proposal also would have given the Progressive party support to the candidacy of Benjamin Griffith for attorney general, and to M. D. Vincent for congressman-at-large.

While the Stewart faction have announced in support of Theodore Roosevelt and the national Progressive ticket, they declined tonight to accede to Senator Dixon's proposal, and their names will appear on the Republican primary ballot.

Fills Vacancies on Ticket.

The committee appointed at the state Progressive convention to fill vacancies left on the ticket, pending negotiations between Senator Dixon and Mr. Stewart, tonight filled the vacancies, naming F. D. Carlin of Montrose, Colo., as the candidate for United States senator (long term). His place

as electoral candidate was filled by Patrick-Barnes of Pueblo, C. E. Fisher of Sterling and D. C. Burns of Denver were named for congressmen-at-large.

Other places filled on the state ticket are:

Secretary of state—E. C. Bacon, Ouray.

Attorney general—N. S. Gandy, Colorado Springs.

Superintendent public instruction—Ida M. Casady, Flagler.

Regents state university—Mrs. Fred Dick, Denver (long term). E. H. Troutman, Canon City. Dr. J. A. Matlach, Longmont.

Senator Dixon will leave tomorrow morning for Salt Lake City, to confer with Progressives; Mr. Dixon's statement, in part, follows:

"I came west to meet Governor Johnson and to confer with the Progressive leaders in Colorado relative to the somewhat unfavorable situation in this state, which seems to some extent temporarily to have divided the forces who are supporting Roosevelt and Johnson."

"After a conference with the chairman and secretary of the Progressive party in Colorado, and most of the candidates nominated on the Progressive party ticket, and after conference with Messrs. Stewart, Vincent and Griffith, who are supporting the Roosevelt and Johnson candidacy, but who are also candidates in the Republican primaries, in order fully to harmonize the Progressive forces in the state, the nominating committee holding plenary powers, from the Progressive state convention offered to place

Messrs. Stewart, Vincent and Griffith on the Progressive state ticket as candidates, respectively, for the long senatorial term, congressman-at-large and attorney general, provided these gentlemen withdrew from active participation in the Republican primaries. These gentlemen told me that they could not consistently withdraw their names at this time from the Republican primary ticket.

To Place Full Ticket in Field.

"This tentative offer made by the Progressive state leaders having been declined, it was unanimously agreed by the leaders of the Progressive party in Colorado, immediately to place their full Progressive state ticket in the field to be voted for in the approaching elections."

Senator Dixon, in his statement, declared that the conditions in Pennsylvania, Kansas, South Dakota, Nebraska and two or three other states, are similar to those in Colorado, as cited in the statement given out by the Stewart faction. In those states, Mr. Dixon said, the Progressive state candidates will go on the ballot under presidential electors openly pledged to Roosevelt and Johnson as nominees of the national Progressive party, while electors named in Colorado are not pledged to the election of Roosevelt and Johnson, but for the Republican nominees, Taft and Sherman.

Senator Dixon said tonight that, while he did not feel that Progressive party victory was certain in Colorado, "as it is down east," he was well satisfied in the face of the split into two Progressive factions.

HEAVY REGISTRATION VOTERS IS EXPECTED

Only Four Days Left This
Week; People Awakening
to Present Issues

Tomorrow morning promises to witness the beginning of the most strenuous period of work in the way of registering voters that the local county clerk's office has ever had on its hands. With the final day of registration for the primary election only four days away—Friday, September 4—there will be, according to every indication, hardly a moment's lull in the registration office, for there are still some 500 registrations necessary to offset the total of 2,200 stricken off as a result of change of residence or failure to vote at the last state election. The fact that approximately 1,500 voters have registered in the last three weeks, despite the lack of attention given the matter during carnival week, is an indication that the people are alive to the importance of the primary election, and the probabilities are that when the books close Friday afternoon they will show a registration greater than that for the 1910 state election.

A heavy registration might logically be expected on account of the fact that this is the first chance the people have had in this state and county to express their will directly in the nomination of candidates for public office, but it is especially significant of their determination to seize this long-hoped-for opportunity to voice their disgust of corrupt machine politics and to show that, given a fair chance to take hold of their own political affairs, they are ready to do so.

Voters Encouraged.

Without an exhaustive canvass of the sort that independent voters have long since become tired of, it would be next to impossible to tell with any degree of accuracy what the political (Continued on Page Three.)

AMERICAN SETTLER IS MURDERED WHILE PROTECTING FAMILY

Only Four Days Left This
Week; People Awakening
to Present Issues

EL PASO, Tex., Sept. 1.—Murdered by a rebel soldier while protecting his two daughters, was the fate of Joshua Stevens, an American settler of Colonia Pacheco, according to an authentic report received tonight by O. P. Brown, business agent here of the Mormon colonies in northern Mexico. It was at first reported that Stevens, who was killed last week, had met death at the hands of an American, but this was done, it is said, to avoid trouble with the rebels who still invest the American settlements to the southeast of Juarez.

Two rebels visited the Stevens home with apparent intentions on the two young women of the household. Stevens met the intruders with a shotgun and escorted them to the limits of his property—an orchard. Here, according to the story told by his widow and daughters, one of the Mexicans drew a sword bayonet from his belt and thrust it into the American's body. Stevens then fell dead over the body of the man he had killed. The other rebel fled.

Details of the case have been investigated by Junius Romney, president of the colonies. It is said to make the fifth murder of American settlers by rebels in the district. President Romney has issued a warning that no families return to the colonies until quiet is restored. It is declared that the federal soldiers strung out between Juarez and the city of Chihuahua have not left the railway, and that the American colonies are absolutely unprotected.

BUILDING BLOWN UP

SAN DIEGO, Cal., Sept. 1.—A factory brick building in National City, a suburb, was blown up late tonight and completely wrecked. The fire department is investigating the ruins to determine the cause of the explosion.

MANY ALASKA COAL CLAIMS CANCELLED

Most Cases Application For
Patent Not Made Within
the Required Time

JUNEAU, Alaska, Sept. 1.—Three hundred of the 1,100 Alaska coal claims have been canceled by the general land office. In most of the cases, the charges filed against the claim was that application for patent had not been made within the time required by the law. Four claims in the Bathone group, in the Bering river field, were canceled because it was charged that the locations were not made in good faith, but for the benefit of certain wealthy men in Portland, Ore. No reply was made to the charges.

Forty-three claims in the Watson group have been canceled. Frank Watson, the promoter of this group, was indicted at Chicago in March, 1911, for conspiring to defraud the United States of the use and possession of these lands, which are in the Matanuska district. Charges of fraud or failure to apply for patent are pending against practically all of the Alaska coal claims not already canceled. Only 32 claims in the Matanuska are uncanceled.

WILL INVESTIGATE EXTENT
BERING RIVER COAL LANDS

SEATTLE, Sept. 1.—Thirty-five men from the United States bureau of mines called on the steamship Mariposa for Alaska tonight, to investigate the value, extent and availability of the Bering river coal fields for the use of the naval vessels. The most important portion of the coal field, known as the "Stracey and Cunningham" claims, are 25 miles from the mouth of Bering river.

ROOSEVELT REFUTES ALL OF ARCHBOLD'S TESTIMONY

In Letter to Clapp Says Archbold and
Penrose Falsify About Request for
Funds From Standard

OYSTER BAY, Sept. 1.—In his letter to Senator Clapp, made public tonight, Colonel Roosevelt believes he has a complete refutation of any testimony reflecting upon him which was given before the senate committee that investigated campaign contributions.
"I have answered every question as fully and as explicitly as possible," he said. "Of course, I cannot go on indefinitely expounding the things which are always being brought up. They are brought up 5,000,000 times and I have explained them 5,000,000 times they are brought up again, just as though I never had explained them."
To illustrate his point, Colonel Roosevelt said his opponents were always saying the corporations contributed to his 1904 campaign and that he had denied it, although, he said, he had merely denied that money from corporations had been accepted in return for promises of favors from the government. In the Democratic text book just issued, he said it was stated that the United States Steel corporation had contributed \$10,000 to his campaign.
"I never said that no such contribution was received," he continued. "I have no knowledge of such contribution, but if it was made I suppose it was a perfectly proper one."

Colonel Roosevelt returned from Vermont this morning. He said he had not heard until his return of what Governor Wilson said about him in his speech in Pennsylvania last Thursday when he criticized Colonel Roosevelt's statement that "he favored a more even distribution of the prize money."

Will Reply to Wilson Soon.

The colonel said he took exception to Governor Wilson's remarks and would take up the matter in a speech shortly.

Colonel Roosevelt made public tonight his letter to Senator Clapp, chairman of the senate committee investigating contributions, in reply to the recent testimony of John D. Archbold and Senator Penrose, regarding an alleged contribution of \$100,000 by Mr. Archbold to the Republican campaign of 1904.

The letter is a document of approximately 18,000 words. About one-third is devoted to copies of correspondence with Colonel Roosevelt, while the remainder is devoted to a statement by Colonel Roosevelt, now vice president, Senator Bourne and others, to the charge made by Alton B. Parker, in 1904, that the Republican campaign was financed in large measure by the contributions of big corporations.

The letter, in part, follows:

"The charge against Mr. Penrose was a direct charge. This charge was not merely that he took \$25,000 from

the Standard Oil company, but that at or about the time of thus taking it, while a member of a committee of the senate which was formed to investigate industrial affairs in the United States, he was in constant communication with Mr. Archbold on the subject and that he submitted to Mr. Archbold for his approval in advance a copy of the report of the committee. "If these statements are true, of course, Mr. Penrose is unfit to represent the people in the United States senate, and the testimony against him is direct. Apparently, however, the committee is investigating not this charge against Mr. Penrose which was sustained by direct evidence, but Mr. Penrose's counter charge which was sustained by no evidence at all and only by the repetition of second hand gossip."

Penrose and Archbold Falsify.

"As regards the statement of Mr. Penrose and Mr. Archbold that, with my consent or knowledge, Mr. Bliss asked the Standard Oil company, or other sum, or received such sum from them—it is an unqualified falsehood."

"If any request for funds was made from the Standard Oil company, or any other source, it was made from the Standard Oil company, by Mr. Bliss or any one else connected with the national committee in 1904. It was not merely done without my knowledge, but was done against my express disapproval and prohibition, and in spite of the fact that I was assured that such request had been made and that no such contribution had been or would be received."

In support of this statement, Colonel Roosevelt includes here his letters and telegram of October 26, 27 and 29, 1904, to George B. Cortelyou, the Republican national chairman. These letters, which were made public recently, called Mr. Cortelyou's attention to a report that Standard Oil interests had contributed \$100,000 to the Roosevelt campaign and directed that the money be returned if the report were true. The telegram was one asking if this had been done and adding that there should be no delay in so doing.

"Subsequent to this telegram, Mr. Leach, my private secretary, called Mr. Cortelyou on the telephone; the latter continued, and later I did see myself. He notified me first through Mr. Leach and then directly that no such contribution had been received or would be received. He tells me he saw Mr. Bliss, showed him the letters and telegram, and that Mr. Bliss then told him that no Standard Oil money had been received and that none would be accepted."

Penrose Was a Candidate.

Mr. Penrose was a candidate for chairman of the Republican national committee in 1904 and it was reported (Continued on Page Two.)

WILSON IN HEAVYWEIGHT CLASS-SAY THE SCALES

NEW YORK, Sept. 1.—Governor Woodrow Wilson found today that he was in the heavyweight class as far as avoidability is concerned. The correspondents accompanying him were trying the station scales at Sea Girt, N. J., while the governor waited for a train this morning.

"Welch yourself, governor," one of them suggested, and the Democratic candidate stepped on the scales. When, to his astonishment, he found he weighed 175 pounds. He said this was a gain of seven pounds since his nomination. The governor and Mrs. Wilson, accompanied by members of his staff, attended the funeral at Hoboken, N. J., of Colonel Archibald Alexander, his personal aide, who died Friday of typhoid fever.

The governor left late tonight for Buffalo, where, tomorrow, he will deliver two speeches, one at the Labor day celebration and the other at a citizens' mass meeting. In the first speech he will discuss for the first time phases of the labor question and its relation to governmental control of monopolies. He will analyze the third party platform in this respect.

BRITISH STEAMER IS WRECKED IN PACIFIC

SAN FRANCISCO, Sept. 1.—The marine department of the San Francisco chamber of commerce received many advices today of the wreck of the British ship, Cricketh Castle, on Falkland island, in the South Pacific. Part of her crew is missing. The vessel, which was well known in Pacific waters, was bound from Balboa island for Pohnpei, one of the Micronesia islands, from which the information came, but the other, in command of Chief Officer Gale, had not been heard from.

Capt. B. Thomas, his wife and child and 14 members of the crew were in the lifeboat which reached Port Stanley. The ship was abandoned July 15 in latitude 34 south, longitude 51 west with her rudder and stern post broken. After a voyage to Port Pico, the Cricketh Castle crossed the Pacific to Callao, and loaded homeward at Balboa island, June 5.

Progressive Republicans to Hold Parlor Meeting Tonight

Tonight at 8 o'clock, at the residence of W. H. Bancroft, 1314 North El Paso street, Dunbar F. Carpenter, candidate for district attorney; William C. Robinson, candidate for state senator; Robert Kerr, candidate for county judge, and others will address a meeting to which everybody is cordially invited. At this meeting the matter of registration will be gone into thoroughly, and the necessity for prompt action brought to the notice of voters. The ladies are especially invited to be present at this meeting, as the committee believes that their efforts in getting the voters out to register will assist materially in the general results.

Any question concerning the primary law and the Progressive Republican platform will be answered at the meeting.

You'll be delighted with our showing of Adler-Rochester and Gorton's good clothes for FALL. Fine soft fabrics from fine Australian hand spun yarn.

Blues, grays, browns, and patterns in rich colorings and weaves.

ONE SACRIFICE
FOR SINS FOREVER

LONDON, Sept. 1.—Pastor Russell's text for today was: "After he Jesus had offered one sacrifice for sins forever he sat down on the right hand of God." (Hebrews x, 12, 14.) The Bible is most explicit in its declaration that Jesus, as the anti-typical high priest, offers but one sacrifice of himself for the sins of the world. In our context St. Paul points to the fact that the typical priests of the Jewish era repeated their sacrifices yearly on each succeeding Atonement day. He notes the fact that these were merely typical sacrifices, "which could never take away sin," and then he tells us that the one sacrifice on the Anti-typical Atonement day, by the anti-typical high priest, is so complete as to leave nothing further to be done. "Christ died no more; death hath no more dominion over him."—Romans vi, 9.

Sacrifice of the Mass.
However, we behold two great Christian communions holding a different view—the high church of England and the Church of Rome. Both hold the doctrine introduced into the church about the fourth century—the doctrine of the mass. This doctrine holds that the death of Christ cancels original sin for believers and brings them into fellowship with God through faith in the redeeming blood of Christ. But it philosophizes that since sin is committed after coming into the family of God need cancellation also, and that since nothing except the blood of Christ, the death of Christ, can take away sin, and the merit of his death at Calvary has been used to cancel our past sins, a fresh sacrifice of Christ is necessary for the more recent sins.

Applying this philosophy these Christians perform a common or low mass, for general sin in a congregational way, and high mass for special sin. The congregation assembled, praise and prayer are chanted, and then the officiating priest approaches what they call the altar of sacrifice. On it are the bread and wine, which, being blessed, are "instantly turned into the actual flesh and actual blood of Christ."

Where Lies the Mistake.

In heaven, they made mistakes, as we all have done, and doubtless were just as honest as we.

Bible students see clearly that the one sacrifice of Christ is sufficient for the sins of the whole world—past, present and to come. But God does not propose in any manner to forgive sins willfully committed. They receive stripes, or punishments, in proportion to their willfulness. Whatever proportion of sin is directly or indirectly the result of Adam's disobedience and human imperfection is coverable through the merit of the one sacrifice of Christ, which covering is to be obtained by the transgressor's approaching the throne of the heavenly grace that he may obtain mercy and find grace to help in time of need.—Hebrews ix, 16.

When we came to God desiring to be accepted as disciples of Jesus and joint-sacrificers in his cross-bearing, self-denial and death to the world, and joint-heirs also with him in his heavenly kingdom, we found him prepared and willing to be our advocate with the father. Through the imputation of the merit of his sacrifice, we were healed and accepted of the father and begotten of the holy spirit.

Our need, then, is not to attend to mass or high mass, but to go directly to the lord in the name and merit of our Advocate. Thus the apostle enjoins us saying: "If any man to the church sin, we have an advocate with the father, Jesus Christ the righteous." (1 John ii, 1.) The thought that sin in every instance requires atonement is quite scriptural and the thought that "without the shedding of blood there is no remission of sins," is also scriptural. (Heb. ix, 22.) But the thought that Christ needs to die more than once is antagonistic to the scriptures as we have already seen. The fact is that good and great people have made serious errors in theology along nearly every line.

The Abomination of Desolation.
Nearly nineteen centuries ago our redeemer mentioned "the Abomination of Desolation spoken of by the Prophet Daniel." (Matthew xxiv, 15.) The master declared that when this abomination should be seen those things it should understand and flee.

For long centuries it was supposed that the great teacher referred to events which culminated A. D. 70 in the destruction of Jerusalem. The abomination was supposed to refer to the carrying of Roman banners with the holy precincts of the temple. It did seem strange that so comparatively insignificant a matter should be mentioned by Jehovah through Daniel the prophet and should then be referred to by Jesus himself; but we saw no other interpretation.

Of late there is another interpretation. It refers to our Lord's prophecy specially to the end of this age and the great time of trouble soon to come upon the church and upon Christendom. In this view the abomination of desolation signifies a reprehensible doctrine introduced into the church, the true spiritual temple—the holy place. The doctrine would be an abomination in the sight of God and would exercise a desolating influence upon everything associated with it. This influence would continue for long centuries before its defining character would be recognized. Then all so recognizing it should know that the time of trouble and the new dispensation are near and should make all haste to separate themselves from everything associated with the abomination—they should forsake the error and flee to the mountain heights of truth, as Lot and his family fled from Sodom.

I share with many other Bible students the view that the desolating abomination mentioned by the Prophet Daniel and by Jesus is the doctrine of the mass. It was introduced about the middle of the fourth century. It has had a corrupting influence since. And now that we see it clearly it is the duty and privilege of all of God's people to get right with God by renouncing that which is so abominable in his sight, the setting aside of the one perpetual sacrifice of Christ and the substituting in part thereof of the sacrifices of the mass performed many times every day throughout the world.

From the Tokio Asahi.
The habit of using milk has greatly increased among the Japanese in recent years, yet the average amount of milk consumed by each Japanese is still far below that of the European or American. The total amount of milk produced in Tokio prefecture during the year 1911 was 45,626 koku, and the total amount of daily consumption was over 127 koku, which means that each person consumed on an average only 0.1 ko a day, which will hardly bear comparison with the four or five go of the average daily consumption per person in Europe or America.

UNION SERVICE

(Continued From Page One.)
that it was to serve God; wholeheartedly.

A Preacher of Righteousness.
The Rev. W. W. Rainey of the First Congregational church gave an address discussing General Booth as a preacher of righteousness, pointing out how much he had done for the church at large. He said that the general had the love of God in his heart, and that this made him the great power he was.

General Booth was, in a way like Moody, who went into the slums of London with candy in his pockets to get hold of the children and win them for Christ. Both were hungry to save men for Christ—one did it through candy, the other through the drum and like methods. The secret of the great success of General Booth's life was his entire consecration to God, and by this consecration he induced modern society for its neglect to apply the teachings of Christ to everyday life.

At the close of the entire audience joined in making a noble consecration for closer unity with God. "The service" was well attended, by members of all local churches, many prominent citizens being among the congregation.

The following musical program was given during the service:
Organ—Funeral March—Chopin
Song—My Jesus I Love Thee—Audience
Song—Shall We Gather at the River—Congregation
When the Roll Is Called Up Yonder—Congregation
Solo—"O Boundless Salvation"—General Booth
Solo—"O Boundless Salvation"—Mrs. Phoebe Reno.
When I Survey the Wondrous Cross—Congregation

DENVER, Sept. 1.—Congregations of several Denver churches, united with the Salvation Army, and an extensive program of memorial in the late general William Booth. The services were held tonight at the First Presbyterian church, with the pastor, Dr. R. P. Boyle, in charge. Governor John F. Shafroth, former Governor Alva Adams and other prominent citizens made brief addresses. Brigadier Ashley Peabody and other local Salvation Army officers and leaders participated in the program.

SAN FRANCISCO, Sept. 1.—Men of all walks of life today honored the memory of the late General William Booth of the Salvation Army. The Rev. Louis J. Sawyer, president of the San Francisco Church federation, presided at the union church services. The roll of honorary vice-presidents included state and municipal officials, foreign consuls, of the city, members of the supreme court, federal, civil officials, officers of the army and navy and ministers of every denomination.

LOS ANGELES, Sept. 1.—Memorial services in honor of the late General William Booth were held today following a parade by the Salvation Army which was headed by a squad of mounted police. Mayor George Alexander presided at the services, which were held at the First Methodist Episcopal church, and the principal address was made by Dean William McCord of St. Paul's Protestant cathedral.

SEATTLE, Wash., Sept. 1.—Memorial services in honor of the late General William Booth were held today. Governor Marion E. Hay, Mayor George F. Cotterill and leading ministers participated. After the service at the theater, a parade by the Salvation Army band of Victoria, B. C., marched down Second avenue to Pioneer square where brief open air services were held.

PORTLAND, Ore., Sept. 1.—With representatives of Governor West, Mayor Rushlight and civic, municipal and philanthropic organizations present, memorial services for the late General William Booth, founder of the Salvation Army, were held here today. The Rev. James Osseward, chaplain of the Twenty-first Infantry, U. S. A., delivered the eulogy.

SALT LAKE CITY, Sept. 1.—Memorial services in honor of the late General William Booth were held tonight. The First Baptist church here tonight. The services were conducted by the local organization of the Salvation Army and were participated in by a number of the leading ministers of the city.

OGDEN, Utah, Sept. 1.—Captain W. H. Knapp of the Salvation Army conducted open air memorial services here for the late General William Booth. The services were attended by members of all the churches.

KANSAS CITY, Sept. 1.—An impressive memorial service for the late General William Booth was held here this afternoon in Grand Avenue Methodist temple. Mayor Henry L. Josw was chairman. Addresses were delivered

Motherhood
The highest point of woman's happiness is reached only through motherhood. In the clasping of her child within her arms. Yet the motherhood is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ill and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.
PREPARED BY REGULATOR CO., CHICAGO, ILL.

Simeon J. Dunbar

Republican Candidate for the General Assembly.

One of the best-known and best-equipped candidates for the general assembly is Simeon J. Dunbar of Colorado Springs.

Mr. Dunbar has resided in this city for 30 years and has always taken a deep interest in public matters.

This is evidenced by the fact that he was elected for four terms as a member of the board of aldermen, during which he was chairman of the finance and water committees when many important public works were constructed. He has always taken an intelligent and broad view of public questions and has acted sanely, independently and honestly.

An editorial in the Colorado Springs Gazette during his aldermanic term had the following to say:
"Mr. Dunbar is a useful public servant, whose integrity and ability and experience in public affairs, as well as his natural aptitude for them, and his deep study of municipal affairs, are conceded on all hands."

His fellow citizens, in asking him to again become a candidate for reelection for a fourth term said of him: "His record as a city official is that of ability and faithfulness, in wise and economic management of the city's business in the interest of the citizens and the taxpayers."

It is precisely the same sort of ability that is required at the hands of members of the general assembly, and the citizens of this city and county will do well if they vote to send Mr. Dunbar to the legislature and thus secure the services of an honest, competent and trustworthy public servant.

By Bishop E. R. Hendricks of the Methodist Episcopal church, South, and by the local ministers.

HEAVY REGISTRATION

(Continued From Page One)

Attitude is of course registering, but ample encouragement is given to all believers in clean, progressive, and machine government by the announcement with which voters are urged to support the progressive principles and to register and vote. Judged by the prevalence of widespread progressive sentiment, a majority of these registering are aligned with the Progressive Republican movement, and in the next four days, beginning tomorrow, if any Progressive Republican fails to register, it will be simply because he absolutely is unable to do so.

The voters are stirred up as they have not been before in years, if ever, declared W. W. Hall secretary of the Progressive Republican club, last night, and pointing more emphatically placed it that the fact that voters were in city and county, people were not for a long time. If a man taken any active part in politics are getting out and working both and half for the Progressive Republican movement. And it is in their part to meet party for principle. From the standpoint of public welfare, and the other work that is being carried on, not a few but by hundreds of voluntary workers, evidences a new, rather an aroused public spirit.

Signs of Awakening.

The outward and visible signs of this awakening are striking. There is no longer a complacency about it. If a man is a Progressive, he does not necessarily shrink from the Progressive club, but he doesn't hesitate to let anybody know where he stands. He is proud of it, and why not? He has a right to be, but the same can be said of the man who stands for what Progressive Republicans oppose—control of the party by a machine which itself cannot stand, and which always has used the party to serve private ends, and not the public good. But, behind these outward evidences of a popular discontent with political conditions, is to be detected an undercurrent of revolt that is still more significant of an upheaval. September 10.

If reports that come in from every hand are to be relied upon—and there is no reason to discount them—the rout of the old machine will be so complete in this county that there will not be enough of it left to sell for old iron. In not a single precinct where a poll has been made are the Republicans in the majority. An average near it. In fact, sentiment as far as it can be formed, is from 2 to 1 in the high as to 10 to 1 in the low. This is true in the county at large, as well as in the cities, and if it doesn't spell the end of machine rule of the Republican party in 12-Pass county, then there is more grace on the machine than it ever had before.

The total production of gold in Australia in 1911 was valued at \$20,000,000, as against \$28,242,500 in 1910.

CALIFORNIA TO HOLD

PRIMARY FOR SELECTION

PRESIDENTIAL ELECTORS

SAN FRANCISCO, Sept. 1.—The first primary election involving the ultimate selection of presidential electors under the new California primary law will be held September 3. Interest centers around the contest of the Taft and Roosevelt supporters for control of the party machinery of the state.

Governor Hiram W. Johnson's political allies, heading the state organization of the Progressive party, contend that if they succeed in nominating presidential electors pledged to Roosevelt they will be entitled to the party designation on the ballot in the November election. Taft adherents take the ground that the action of the Republican convention in nominating President Taft committed the state to the choice of electors pledged to their candidate.

Prohibitionists Excluded.

The names of Republican, Democratic and Socialist candidates will appear on the ballot at Tuesday's primary, the Prohibitionist party not being represented on account of its failure to secure 3 per cent of the votes cast at the last state election. Eighty candidates for the state assembly and 20 candidates for the senate will be nominated. These nominees, with the holders of senators of each party, will constitute the state convention.

Taft followers are planning to nominate electors by separate petition, after the convention. In the event of the selection of candidates pledged to Roosevelt, whether the Taft wing of the party will be entitled to a designation on the ballot which will indicate the pledging of their candidates to a solid matter of contention between the two factions.

MUSIC'S POWER TO SOOTHE

From Anscombe, London.
A medical journal has recently announced the results of some experiments made to ascertain the relation of music and medicine. One curious piece

of news obtained is that if a lively air is played on a horn or mandolin, a man's dried muscles regain their original vigor. The music of a violinello, on the other hand, had a precisely opposite effect, in temporarily lessening the usual strength and vitality of the hearer. In nervous and irritable people, such as Chopin's "Funeral March," actually weakens the pulse and makes the beating of the heart feeble and more irregular.

An American doctor caused some amusement a little time ago by suggesting that almost every mental trouble could be cured by suitable selections of classical music regularly administered. Jealousy, grief, overwork, homicidal mania, nervous breakdown, all had their corresponding air. The medical world is taking the idea seriously.

**WHO STOLE THE
"OLD OAKEN BUCKET?"**

Joe Mitchell Chapple in The National Magazine.
Not far from Boston is located the well which inspired the familiar lines of Samuel Woodworth to the "Old Oaken Bucket." Every time the place is visited many traditions are told concerning the famous old bucket, about which people have been singing these many years. Having drunk deep of the sparkling waters, between which the snatches of the familiar refrain, "charm broken by learning," that the original "Old Oaken Bucket" was stolen shortly after his well-known poem became famous.

The younger daughter of Samuel Woodworth, the author, died recently in Berkeley, California, and she often used to tell about the real old oaken bucket, and of the sadness which came over the household on the day it was stolen. It seemed as if one of the family were missing. In this age of souvenir collections, who knows but that some day the real old "moss-covered bucket that hung in the well" may turn up in a museum or serve as a water tank in the show windows of some enterprising advertiser. There is no charm broken by learning in the world so engrained in human's genuine romance as this one. Even the golden goblets of royalty, and the treasured chalices

The manufacture of building stone from blast furnace slag is an industry which is now assuming considerable importance in Germany. The process is not patented, and is very simple in details. Practically all blast furnace slag is suitable for stone making, but it must be in a granulated state.

Talks at Y. M. C. A. on "Transfigured Life"

The sermon at the men's mass meeting at the Y. M. C. A. yesterday afternoon was delivered by the Rev. John W. Milton of Cameron, Tex., on "The Transfigured Life." Mr. Milton has considerable reputation as an orator, being his record as an orator. Yesterday he said in part:

"The Christian life is a perpetual struggle for power against temptation, weakness and incompetency. In the valley of struggle the world comes to us with its weight of sorrow to be removed. Only the soul that lives upon the mount of sacrifice and service with the Savior can help save this world and make it what God intended it should be."

Large Crowd Present at Park Religious Service

The union religious services at Stratton park at the close of the band concert yesterday afternoon were attended by the largest crowd that has been present at any of these services to date. The international secretary of the Christian Endeavor union, Layman, was present at the service and expressed a wish to have a picture of next Sunday's crowd taken to be published in the Christian Endeavor World. The local ministers will make arrangements to have the picture taken.

The Rev. S. B. Brewster, pastor of the First Christian church, delivered the sermon, talking on "The Achieving Life." He made the point that to achieve, a life must be surrendered to something, must be "distributing," must be "fragment-gathering."

GIVES TALK ON CHINA

Miss Mary Kelly of Nanking, China, who has spent the last 16 years in that country, spoke at the regular services at the First Christian church last night on "China, the Land of the Great Wall." She discussed the growth of the country during the time she has been there, telling of the fight against foot-binding and the opium traffic. She said that the improvement since the coming of the republic has been great, and that the young men of China are being sent out to other countries to observe the best institutions there and better home conditions on their return. She said that China has long had, in its way, the initiative, the referendum and the recall. The standard set there for most public officials is, "Do the right thing or get out."

Miss Kelly also discussed her personal experiences in Nanking. She is to return to China, sailing September 7.

MEET TOMORROW NIGHT

A harmony meeting, for the purpose of uniting all the local colored Progressive Republicans, will be held at the district court room at 8 o'clock tomorrow night. All are invited, especially ladies, colored political clubs and social organizations. All Progressive Republican candidates also are requested to attend. Refreshments will be served free.

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health Their Own Statements Follow.

New Moorefield, Ohio.—"I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter."—Mrs. CASIMIR LLOYD, New Moorefield, Clark Co., Ohio.

Read What This Woman Says: South Williamson, Miss.—"Lydia E. Pinkham's Vegetable Compound certainly has done a great deal for me. Before taking it I suffered with backache and pains in my side. I was very irregular and I had a bad female weakness, especially after periods. I was always tired, so I thought I would try your medicine. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt so much better that I got another and now I am a well woman. I wish more women would take your medicine. I have told my friends about it."—Mrs. ROBERT COLT, Box 45, South Williamson, Miss.

BISHOP SPAULDING DEDICATES WINDOW

Gives Sermon at Services in Memory of His Father, the Late Bishop Spaulding

The St. Christopher window, the central window over the altar at St. Andrew's church, Manitou, installed in honor of the late Bishop John F. Spaulding of Denver, was formally dedicated at the regular Sunday morning service at 11 o'clock yesterday morning. The window was designed by the English artist, Edward Brampton.

The Rt. Rev. Frank S. Spaulding, bishop of Utah, who delivered the dedicatory sermon in memory of his father, took for his text the motto on the window, "Lord, Now Lettest Thou Thy Servant Depart in Peace." He discussed the scene represented on the window, Simon picking up the Christ child in the temple and carrying him on his shoulder. Bishop Spaulding talked on the values of higher life as indicated by the window, and the glory of God in spiritual things.

At this service the Rev. John Granger of McAllister, Okla., assisted the Rev. Charles H. Remington, rector of the church, in giving the holy communion. The music was given by a full choir of 30 voices. The meeting was one of the largest ever held in the church, and the building was crowded to capacity. Two hundred and sixty persons were present, and \$52.61 were raised for the completion of the side lights of the central window over the altar.

Young Couple Here on Long Automobile Trip

Mr. and Mrs. H. S. Burnap, a young couple from Davenport, Ia., motored into Colorado Springs yesterday afternoon on a fast dash across the country in a high-powered car. They are on their way to Portland, Ore., but Colorado Springs looks so good to them that they will stay here the rest of the week.

"Just a pleasure trip," said Burnap. "We are not after a record, though we have made fast time thus far. We left Davenport last Thursday and drove through Kearney and Julesburg this morning."

Davenport is more than 1,100 miles from here, and as Burnap drove into the Springs the middle of the afternoon, it is easily seen that he is making fast time, especially in Colorado. His big car is stripped down to the limit, and Burnap travels the same way himself, sans about everything in the clothing line except an athletic jersey and flannel trousers. His back, shoulders, face and arms are blistered from the sun until they resemble a piece of rare steak.

"The car runs better when it is stripped," remarked Burnap, "and I find it easier to run it when I'm not bundled up with a lot of useless clothing. So long," and he was off to Manitou where he and Mrs. Burnap will spend the next few days.

Stratton Pavilion Dance

Director Fred G. Fink has arranged two pleasing programs for the dances this afternoon and evening at Stratton park pavilion. The programs follow:

Afternoon, 2:30 to 5.

Waltz—"Little Nemo."
Two-step—"When I was Twenty-One."
Waltz—"Fortune Teller."

"Country Dance" Nevin

The exports of alligator skins to the United States from the ports of Barranquilla and Santa Marta, Colombia, aggregated \$11,272 in 1910 and \$61,324 in 1911. In 1909 the exports of alligator skins from that country amounted to \$4,625 pounds, valued at \$8,660, of which \$4,480 pounds, valued at \$8,645, were shipped to the United States.

Colorado Los Angeles Society Mourns Death of Mrs. Sarah P. Decker

At the annual meeting of the Colorado society of Los Angeles, Cal., held at Redondo Beach recently, H. P. Forsythe, president of the society, appointed a committee to draft resolutions on the death of Mrs. Sarah Platt Decker of Denver. These resolutions, as later adopted, are as follows:

Whereas, Colorado has for many years been proud to acknowledge her as one of its leading citizens, and will always remember her many endeavors for the uplifting of humanity, and

Whereas, We believe that through her labors the nation has suffered an irreparable loss, and

Whereas, We, the members of this Colorado society of Los Angeles, Cal., bow our heads in sorrowful submission to the will of the most high; therefore, be it

Resolved, That a copy of these resolutions be spread upon the minutes of the meeting, and that a copy be forwarded to her daughter, Miss Harriett Decker of Denver, and other copies furnished the day newspaper.

By order of the resolutions committee.

HENRY LYNCH, Chairman.
MAUDE McFERRAN PRICE.
VIOLET S. HICKOK, Los Angeles.

STEWART IS INDORSED

James Stewart, a Progressive Republican candidate for sheriff, was unanimously indorsed by Pike's Peak division No. 244, Order of Railway Conductors, at a recent meeting. Stewart is an engineer, and is well known throughout this section.

HOUSE BURNS TO GROUND

A two-story frame house at 228 West Cimarron street burned to the ground last night. An alarm was turned in at 10:45, but it was too late, and the firemen's attention was directed toward keeping the fire from spreading to surrounding buildings. The structure, which was occupied by a family of Mexicans, was the property of Mrs. Morrice. The cause is unknown. The loss totals several hundred dollars.

HUTCH ARRIVAL AT ANTLERS

C.; Mrs. A. M. Douglass, Mrs. R. E. Elton, and daughter, Dayton, O.; E. Harran, Mrs. W. Hutchings, New York.

INTEREST IN ANCESTRY GROWS

From the Magazine of "American History."

The growing interest in ancestry indicates that Americans are fast coming to believe that it is of some consequence to know from whom they are descended. Long lines of ancestry are revealed in each person and this ancestry if understood, will assist materially in various directions.

It is a pride which deserves encouragement. One cannot know too much about himself, and in acquiring a knowledge of his ancestors he is learning the most important facts about his own personality. This has been demonstrated so many times that it is needless to enter into extended argument here to prove the assertion. Genealogy is the most fascinating branch of history. And well it may be, since it is the one branch which has life. Everything else may be a mere catalog of dates, but genealogy introduces the student to the actual personages and offers him the most complete means of obtaining an accurate understanding of the occurrences of the past. There are only a few observations regarding this study of ancestry, a study which is becoming more and more popular, and is, in numerous ways, revolutionizing the historic past.

Oxygen constitutes one-third of the solid earth, nine-tenths of water, and one-fifth of the atmosphere, and is the most abundant of all substances.

The trade of Newfoundland shows rapid increases.

GOLD-DOLLAR CO. ISSUES ITS QUARTERLY REPORT

With the report of the Gold Dollar Consolidated Mining company for the three months ending July 31, 1912, yesterday, were received dividend checks at a rate of one-half cent a share, amounting to \$12,500. The financial report shows that \$28,064.81 was on hand May 1, 1912, to which was added \$2,286.86 in royalties from leases, \$20,844.91 royalties, ore sales and similar receipts, making a grand total of \$51,196.58. The expenditures for the quarter included the dividend of \$12,500, general mine expense of \$6,648.18, development work costing \$1,540.65, and other items making a total of \$20,688.83. There is a cash balance of \$27,867.18 on hand, besides \$1,212.35 in accounts receivable from lessees.

The report of President H. L. Shepherd, of Cripple Creek, details the development work in progress, showing good prospects and earnings of slightly more than the dividend for the three months. Fifty sets of leases are operating at present on the property, most of them doing development work and shipping some ore at the same time.

LABOR DAY

(Continued From Page One.)

baseball glove, W. J. Lucas Sporting Goods company.
50-yard dash, boys under 17—Prize, tennis shoes, by Wulff Shoe company.
50-yard dash for boys under 13 years—Prize, pocket knife, by J. S. Lowell-Messervy Hardware company.

Ball game—Girls, 17 to 20, vs. boys, 17 to 20. (The boys to play left-handed and wear skirts.)
Ball game—Girls, 12 to 17, vs. boys, 12 to 17. (The boys to play left-handed and wear skirts.)

Children Cry FOR FLETCHER'S CASTORIA

Personal Mention

Dr. N. Abe, a prominent Japanese physician, arrived in this city Saturday, stopping at the Antlers hotel. He inspected St. Francis hospital and left yesterday for Denver. From Denver he will go to Chicago and then to New York, spending five weeks there in this country. From New York he will sail to Germany, where he expects to stay for a year before returning to Japan. He speaks very little English.

SPINAL IRRITATION

Pain, aching or distress in back part of head or base of brain; pulling of cords in neck; trouble with eyes; pain between shoulders or in other parts of spine; or burning, aching, tenderness or soreness; belt of constriction or pain around body or right or left half; numbness of fingers or feet or coldness or tingling or feelings like prickling of pins or needles; frequent involuntary shivering; peculiar, almost indescribable pains or distress in heart, stomach, kidneys or other parts of chest or abdomen; backache; sensation. If you have any of the above symptoms, most likely you have spinal irritation and can be cured. Our elegant illustrated booklet tells how—Price 10 cents.

OHIO STATE PUB. COMPANY
620 The Birmingham, Cleveland, O.

relieves all coffee troubles

If you have been having trouble in securing a coffee to suit your taste don't give up trying until you have tasted the fresh, dry coffee roasts.

It has clear strength with all its own delicate, and its flavor is mild and delicious. And its economical, also, for you can use only one dessert spoonful in place of the usual tablespoonful of other coffees.

Try it, first thing, tomorrow.

The popular waste of exposure has reached chocolate. Its supposed food value and sustaining power have been declared the product of an ancient superstition. Harmful and moderate in the dose of one ounce, it is a drug, not a food; an indolent, habit-forming and nerve-debilitating alkaloid so runs the story of the "shame of chocolate." "Bosh, simple unrefined loush," says the London *Lancet*. As a matter of fact, the chocolate of commerce, particularly the Swiss chocolate, is a good sustaining food, and a mild and pleasant physiological stimulant. The chocolate ration used by the Austrian army is said to have five times the value of an

follows in a newspaper report: "The first operation, the production of fusel oil and acetone from starch by the fermentative methods devised by Professor Bernbach of Paris, was not shown, but is being conducted on a considerable scale at Rainham, Essex. The second consists in 'subjecting' isomyl alcohol the chief constituent of fusel oil separated by distillation from the fermentation products, to a treatment with phosphorus chloride in the third the vapour of the so-called 'monophosphoride' thus obtained is brought in contact with chlorine gas by a special apparatus, which enables good yields of isomyl dischloride to be realized. This intermediate is then passed over lime, heated in an iron

bles. A number of these large granules, which did not, at the time the concrete was placed, become (thoroughly) non-distended or which took no part in forming the true cement, will finally take up moisture, which works its way into the concrete, and become captured. This phenomenon starts expansion and disintegration of the structure. The white streaks often seen on concrete walls, are, he suggested, perhaps, due to such destructive action.

The Lackawanna road has imposed on a new test upon the cement makers as a result of its three years' study of the problem. It now requires a more uniformly good product (78 per cent of which will pass a 200 mesh sieve, the

made history in the amusement world. Her name is Lucia Zora, and when it is stated that she possesses all the control of the masters of this strange and curious art, the assertion will be backed up by the performance when the circus arrives here.

CHICAGO, 7; DETROIT, 5.

CHICAGO, Sept. 1.—Two wild pitches by Dubuc gave Chicago a 10-inning victory over Detroit. Dubuc came on in the ninth, with the visitors leading, one out and runners on first and second. He walked Barrows, then issued

and he probably could be unable to play again this season.

HAPPENINGS IN THE WORLD OF SPORT

Edited by
E. E. Overholt

Zooz Out With War 'Togs on; Beat Cottrells 9 to 6

Those Zooz refused to lose, even to Cottrells, and the home of Birke, who wobbled and then went down in heap yesterday before the clubs of the home athletes. Score Zooz, 9; Cottrells, 6.

For Birke, who now occupies the position of bench manager for the Cottrells, and who was familiarly known as "Dad," before the dignity of his new office was thrust upon him, had two fingers and one pinch finger in an effort to induce those Zooz to use the sixth game out of twenty-five, nothing doing. Mr. Birke, who entered the combat in the ninth round, and opened that period with a boy-size sin back of first. He paused long enough at first to transfer a pint of coffee to the hand of an honest and honest athlete and then went to second on a drive by Cummings. The thing really fizzled out, however, after three runs counted.

A resume of the doings would not be complete, perhaps, without a paragraph on Mr. Goshen, the well-known ump. Sam pushed his way into the landscape wearing a new mattress and a helmet and mask, the latter patterned after the kind worn by the diver who plunges from an 80-foot back into a 2-foot tank of water. Sam had everything yesterday except his tank, and he looked like the real thing in jumps when he took a bold and back of the log. It's pretty hard to miss a standing week of the pan, Sam opened to the press, and not any escaped his eagle eye yesterday. His announcements were also made in a stentorian tones and there is no reason to relate his remarks.

Hedrick opened for the Cottrells and struck two and one-third innings. Hedrick lifted him from the picture at that point and Mr. Ryan was hooked to the opening. Ryan was hooked seven times during the remainder of the struggle. Hastings pitched good all, though he was hit 11 times. The Cottrells had little luck in placing their flies, except in the ninth, when three flies crossed.

There was nothing doing for the home side until the third when they sent a brace of runs, on Hedrick's double and hits by Reidy and Graham, and an error by Cummings.

Hastings counted for the local in the opener, reaching first on a fly out at second. He was sent to be a keystone bag on a base on balls. Weldenau, took third on an out and scored on Geiser's hit.

The third Zoozish round was a bird rare plumage. With one down, Reidy was given a life when Reidy topped the doctor's tall fly. Geiser, Hedrick and Fowler tripled to the trees, and Reidy got a lucky one back of first and Hughes was safe on Steek's bad as of his grounder to catch Pielstick.

Birkedahl lifted Hedrick and substituted Ryan. Dixon's grounder got away from the new finger, and Geiser, next man up, shot a single through port. Dixon being tagged out at third, Beardsmore's quick return of the ball. Hastings smote a double through third and Weldenau's fly retired the de. Six runs.

Singles by Fitzporter and Geiser and an error netted the Zooz another in the fourth. Hastings made the difficult eighth on his single, an out, an error and Fitzporter's hit.

For the Cottrells Graham opened the eighth with a triple and scored on an error at first. Birkedahl out the job of bench managing long enough in the ninth to open that round with a single, right, batting for Ryan. Cummings, a through short and Reidy beat out a punt, filling the bases. Graham scored Reidy at second. Birkedahl, going, and Meach's double to center scored two.

Selzer stopped a fast one with his thumb in the fifth and retired in favor of Cummings, who was moved in from the back-stopping. Probably the feature play of the afternoon was a one-handed stop close to first by Reidy, who, Selzer and the public Steek at third. The same game will play at Zoo park this afternoon. Gault, of the Rio Grande, will

do the box work for the Cottrells and Van Stone is the selection for the Zooz. Score:

INTERCLUB GOLF AT GOLF CLUB TODAY

An inter club golf match is the attraction today at the Colorado Springs Golf club, when picked teams from that club and the Cheyenne Mountain Country club will play on the grounds of the former. Play will start this morning at 9:30. This afternoon, as a part of the all-day program, there will be a ladies' golf match. Tea will be served at the club house from 4:30 to 6 p. m. The club teams are matched as follows:

C. S. Golf Club.	Country Club.
Hubbell, vs. Jewett	
Newbold, vs. Hagerman	
Gauss, vs. O'Brien	
James, vs. Russell	
McIntyre, vs. Douglas	
Broady, vs. Hungerford	
Connel, vs. Correll	
Gillet, vs. Shove	
Weaver, vs. Randol

Harmon, vs. Wray	
Cowan, vs. Light	
Krause, vs. Hawkins	
Chinn, vs. H. C. Hall	
Fowler, vs. Kissell	

STATE GOLF TOURNEY FOR DENVER THURSDAY

The state golf tournament for the championship of Colorado will start next Thursday at the Denver Country club and golf experts from the principal clubs will enter for the event. The tournament will last throughout Thursday, Friday and Saturday, and as usual will be quite a society as well as an athletic affair.

The Denver Country club 18-hole course has been repaired since the recent Cherry creek flood and while it has been found necessary to make some changes in the course it is in excellent condition and will afford the players quite as good play as they formerly had. The first green and the putting greens are all in good shape and the 18-hole course will give many entrants an opportunity to play without crowding.

The majority of the entrants will be from Denver and Colorado Springs clubs, but it is expected several players from smaller towns in the state will also compete.

All contests will be given the privilege of using the course from now until the opening of the tournament.

KELLEY WILL REFEREE FLYNN-MILLER FIGHT

SAN FRANCISCO, Sept. 1.—"Spider" Kelly, of this city, will referee the Charlie Miller-Jim Flynn heavy-weight fight here tomorrow.

Miller has trained hard for the fight, and is confident of winning. His experience is limited to four round local bouts, with two exceptions, and he has been knocked out twice. Miller will have an advantage in weight of more than 30 pounds.

Flynn's adherents are counting on his lightning ability to dispose of Miller in short order.

AUTO RACER-KILLED

WOODLAWN, Cal., Sept. 1.—Ted Orr, a professional automobile racer, was killed instantly before his wife's eyes, here today, and his mechanic, John Berry, was probably fatally injured.

Orr's car skidded and tore through the fence, which cut him nearly in two.

The Brooklyn Superbas have released Madden, the pitcher, purchased from South Bend, to the Chicago Cubs. Madden has purchased another twirler named Williams, who has been pitching for the Morrisville club of the Appalachian league.

Tennis Tournament at Country Club, on Today. Attracts Field of Crack Players

Devotees of tennis in the entire Rocky mountain region will turn their attention to Colorado Springs beginning today, when the opening rounds in the annual invitation tennis tournament will be played at the Cheyenne Mountain Country club.

The entry list is a large one, and is made up of some of the recognized experts of this city, Denver and Omaha. The tennis committee last night expressed satisfaction at the promising array of crack players and some high class tennis is confidently predicted. Any drawings not scheduled and who can play this morning will confer a favor on the committee by doing so.

Chief interest will center in the play for the challenge cups in singles and doubles, as the winner of the singles will be called upon to play Walter A. Andrews, Jr., of Denver, who holds the cup. Winners of the doubles will be matched against the present holders of the cup, E. L. Kernochan and Dan Knowlton of this city.

Among the crack players who will be in the tourney are Bowen, who won the Denver Country club championship this year; Moore, of the doubles team, which beat Williams and Moore of this city in the finals in Denver Saturday; Stevens, the champion of Michigan and who beat Don Harker a hard fight in Denver; Scribner, the Omaha crack; Millett, who was a ranking player a few years ago and one of the best in the United States; Harker, four

times holder of the state championship and Moore, whom he meets today in Denver for the state championship in singles. With this array of talent, to say nothing of the Springs men who should be at the top of their game this week, the tournament promises a treat for tennis followers.

Drawings in the men's singles resulted as follows:

Hawke vs. Millett vs. Gardner vs. Scott; Wheeler vs. Dugmore; Gall vs. Bowen; Schwer vs. Pastorius; Bissell vs. Shaw; Morey vs. Webb; Kernochan vs. Stevens; Knowlton vs. Williams;

HILTON SAYS WEATHER IS TOO HOT FOR GOLF

WHEATON, Ill., Sept. 1.—Sweltering weather interfered with final practice by the golfers who will play tomorrow in the qualifying round for the national amateur championship over the links of the Chicago Golf club.

Harold Hilton of the Royal Liverpool Golf club, American champion, complained of the heat, saying that no one in England would play in such weather. Nevertheless, he went out in a foursome, having for a partner Norman F. Hunter of the Honorable Corporation of Edinburgh golfers.

Paul and Robert Hunter of Midlothian, played against the Englishmen and halved the match with them the best ball of each side being good for a 71. Part of the course is 73.

Jerome Testen and C. B. McDonald of the National Golf Links of America, played a round with Oswald Kirby and R. C. Watson of Westbrooke Travers and McDonald winning 2 and 1. Travers complained of a stiff neck and said he was not at his best.

Last Auto Polo Game on Today

Auto polo, the third and last game to be played in Colorado Springs, will furnish an out-of-the-ordinary sporting event on today's program. The game, which will be played at Washington field, beginning at 3:30 o'clock.

With each team being one game to its credit, the Jackson-Miller duo is the opener, Friday and the Sterling-McVain pair the second on Saturday, today's rubber should bring out some of the best playing of the series.

The drivers and the mallet men may not have any particular grievance between them when they are not in the game, but when they get out on the field and are fighting for possession of the ball their attitude toward each other differs. On the polo field friendship ceases to be a virtue and the contest is a survival of the fittest.

Today will be the last day for Springs folks to see the newest thing in outdoor sports, not only the newest, but the most spectacular and the most dangerous. G. W. Blake, who became a convert after watching the play for five minutes, says that automobile racing is like a game of dominoes in comparison with auto polo.

And so far as the skillful and daring handling of an automobile is concerned, judging from the exhibitions given here, auto polo takes front rank as a thrilling and sensational spectacle.

In Bill Loudon, who is covering second base for the Tigers, Manager Jennings seems to have found a man who will, in the course of time, fill Jim Delahanty's shoes. Loudon is a great fielder, but as yet not as great a batter as Del.

IN THE WAKE OF THE NEWS

Really it looks as though Packey McFarland and Ad Wolgast are going to get together at last. At any rate, both boys have posted forfeits, signed articles and a New York club is advertising the show as a fixture. Packey and Ad are to box 10 rounds on the night of September 27, and the scheduled weight is 135 pounds, to be made sometime between breakfast and the next time the boys get hungry. According to the contract Wolgast will receive \$22,500—and possibly a beating—while McFarland is to get what is left after the boxing commission gets its 5 per cent and the promoters take down enough to pay the referee. It is a great old game for the fighters. Being a champion is better than having a license to steal even in New York.

Ray Bronson must be impressed with the idea that he can win anything and everything. Tonight in Indianapolis, Ray has a contract on his hands to whip Mr. Wildcat Ferns. The ferocious fellow to the fighting clan is like a water jump to a poor straggler. Mr. Bronson may not get by tonight. However, Ray yesterday signed a contract to fight Harry Brewer, in St. Louis, on the night of September 24. All Kansas Cityans look alike to him.

Now that "Kid" McCoy has been cleared of the charge of "kidding" the Mrs. Princess of Thais something of about \$3,000,000 worth of "dum," and is backing his way into the United States, we will soon be waried with wonderful tales of his "coming back." It leaked out a few days ago that the elusive "Kid" had gained in chest measurement to the extent 12 1/2 inches, and that his spilling average was now up to 604 words a minute. The "Kid" is coming back with his seventeen wife and plenty of ambition. The 10 days in the London "Iron Book" convinced him that a man can "come back" and that the old-story of a "lucker being born every minute" is a true one.

Jim Flynn, whose ring manners need revising more than the ancient rules of scoring, will entertain in San Francisco this afternoon, when he meets

Hine vs. Moore; MacNish vs. Sprague; Tutt vs. Carnall; Woodman vs. Donovan; Rosenfeld vs. Scribner bye.

Men's Doubles.

Gardner and partner vs. Dugmore and Millett vs. Rosenfeld and Pastorius; Gall and partner vs. Moore and Williams; Woodman and Scott vs. Webb and Knox; Morey and partner vs. Chew and Wheeler; Andrews and Scribner vs. Hine and MacNish; Bissell and Sprague vs. Stevens and Donovan; Carnall and partner bye.

Mixed Doubles.

Miss Eyre and Scott, bye; Miss Anderson and Pastorius, bye; Miss Bailey and Chew vs. Mrs. Mack and Sprague; Miss McMillan and Donovan vs. Mr. and Mrs. Gardner; Mrs. Chew and Williams vs. Mrs. Farnsworth and Kernochan; Miss Hall and Scribner, bye; Miss Gilpin and Hall, bye; Miss Kissell and Shober, bye.

Today's Schedule.

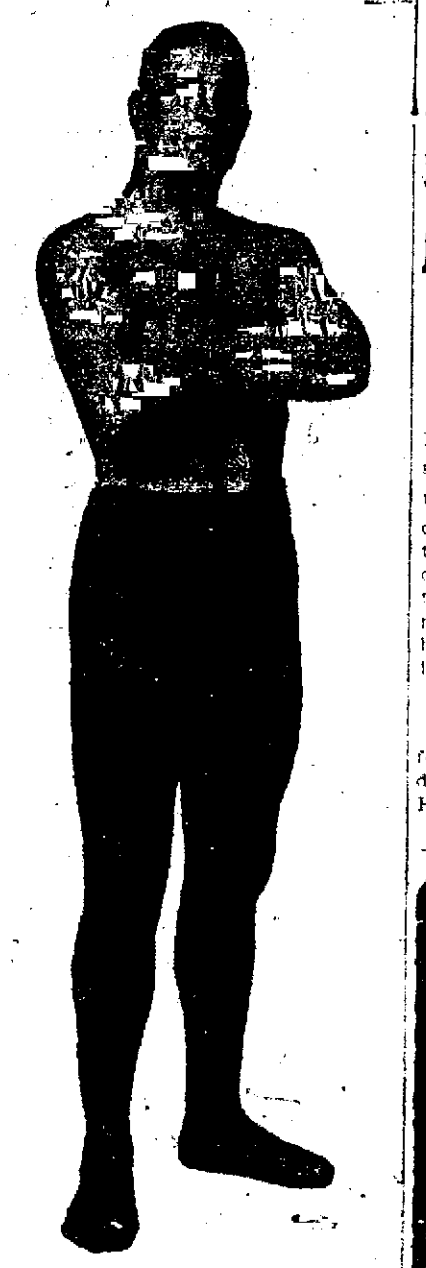

2:30 p. m.—Gardner vs. Scott, court 1; Rosenfeld vs. Scribner, court 2.
3:30 p. m.—Bissell vs. Chew, court 1; Knowlton vs. Williams, court 2; Hine vs. Moore, court 3; Wheeler vs. Dugmore, court 4.
4:30 p. m.—Webb and Knox vs. Woodman and Scott, court 1; Mrs. Chew and Williams vs. Mrs. Farnsworth and Kernochan, court 2; Miss McMillan and Dugmore vs. Mr. and Mrs. Gardner, court 3; Miss Eyre and Scott vs. Miss Anderson and Pastorius.

Turk Will Concede Weight to McBride

Now that he is matched for a bout next Thursday night, Yusuff Hussane is losing no time in putting in a few days of hard work. The Turk is in good condition right now, but belongs to that type of athletes who are never caught napping and out of condition when they go into a match.

In meeting Dan McBride, the champion wrestler of Canada, Hussane will tackle a grappler who will have an edge on him so far as the matter of weight is concerned. McBride will scale about 210 in ring regalia, and the Turk will go on about six pounds under that figure. McBride has been meeting some of the best matmen of the northwest the last few months, so the bulk of the Terrible Turk will not scare him in the least.

Tommy Ryan, who is promoting the match, which will be staged in Temple theater, Thursday night, saw McBride perform about two years ago, and he

YUSUFF HUSSANE

fore he won the Canadian title and declares that he is one of the best grapplers to be found anywhere, barring, of course, the top-notchers, to go on with Hussane. Hussane is doing considerable road work, and, in the opinion of Mr. Sandor, his energetic manager, will be faster than ever when he meets McBride.

game by holding her own in havenin counter fight, has found the gleading tough. It wasn't her fault that she inherited the pudgy Rajah with his \$10,000 a year contract, but she will hardly find a National league magnate gallant enough to take the burden off her hands. Rajah, to all intents and purposes, is a fixture in St. Louis for some months to come. Mrs. Britton can depose him as manager, but she will still have a \$10,000 a year catcher on her hands—and a catcher who won't catch much at that. There are too many David Harbors in baseball for Mrs. Britton to pull off anything startling at this stage of the game.

Joe Wagner, York's popular second baseman, has been sold to the San Francisco team of the Coast league.

Omaha Team Will Be Here Friday; Will Tackle Zooz

The baseball fans who have been sighing for league ball in Colorado Springs will have a chance to see a league team in action Friday, when the Omaha Western leaguers drop in at Zoo park against the Zooz, and the indications are that the crowd will be one of the largest ever seen at the Zoo yard.

The last appearance of a Western league team here was early in April, when the Denver champions walloped the locals, but the Zooz had a pickup team nowhere near the strength of the aggregation that for the last three months has been cleaning up everything in sight. With the pitchers working right, the present Zoo team, with its lineup of hard hitters, is likely to spring a surprise party on the Omaha leaguers, in all probability, with need more than a half a dozen runs to carry home the bacon.

The ball field is now in fine shape, and the infield is admitted by all judges to be one of the best in Colorado.

GOOD BOUTS ARE SLATED FOR ANNUAL LABOR DAY PROGRAM

Before leaving for New York, where he is billed to furnish today's fight with Dave Smith, Eddie McGorty said he was open for an engagement with Mike or Tommy Gibbons. Eddie says he will gladly make 150 ringside for the St. Paul box, and would scale 165 at 155. A clock it that was wished. Marty Forkins, manager of McGorty, will try to arrange the match with some New York promoter while he and his proteges are in the big town.

Outside of the McGorty-Smith affair, Labor day will fall shy of the usual ring arguments which heretofore were put on for the idle thousands on that holiday. The coast will see Jim Flynn try to come back with a new "hump," Charley Miller. This bout should not cause even a ripple of interest in this neck of the woods. Neither man can be seriously thought of as a heavyweight contender.

With the big fellows coming together in San Francisco, Los Angeles will draw the crowd with lightweight Joe Rivers and Joe Mandot being the exponents billed to batter each other. This match seems made beforehand for Rivers, Mandot has not been going well in his last few starts and his most ardent boosters are not predicting a win in this set-to with the wily Mexican.

AD OFFERED \$15,000 TO BAILE RITCHIE

SAN FRANCISCO, Sept. 1.—The biggest prize ring money that has been dangled in front of the eyes of a boxer since the fabulous purse was offered to Jeffries and Johnson by Tex Rickard, two years ago, was hung up tonight by Eddie Graney, promoter and manager of the "Fixed club, when he agreed to give Champion Lightweight Ad Wolgast \$15,000 for his end of the prize money—win, lose or draw—to fight 20 rounds with Willie Ritchie, in this city, Thanksgiving day.

The proposition was made to Billy Nolan, manager of Ritchie, who expressed his satisfaction and said he was willing to take the best terms possible after Wolgast's slice had been set aside. Wolgast is in New York, and it is expected he will make an answer to Graney within a few days.

Ritchie's wrist is still in a plaster cast, but the doctors who are attending him say he will be ready for the gymnasium again in a little over two weeks. He will have a challenge at the ringside tomorrow at Los Angeles for the winner of the Mandot-Rivers fight.

"If the winner of this fight will meet Ritchie, we will postpone our Canadian trip and invasion of New York," said Nolan, tonight.

JOE RIVERS PICKED TO BEAT JOE MANDOT TODAY

LOS ANGELES, Sept. 1.—Joe Rivers, Los Angeles' lightweight champion, is favorite in the betting over Joe Mandot of New Orleans, on the eve of their 20-round fight at the Vernon arena. Both will weigh close to the lightweight limit when they enter the ring at 3 o'clock tomorrow afternoon, as each tipped the beam at 130 when they passed training yesterday.

Hal Chase is playing in top-notch form. There isn't a weak spot in his daily performance. He'll be with the Highlanders for many seasons to come.

NAMES OF ENGLISH INNS

From the Westminster Gazette.

Many explanations have been given of curious signboards for inns. The coat and compasses is supposed to be a corruption of a motto set over inns during the Puritan period. "Good ten compasses us." Bag of Nails or "Bacchanals." Why Not and Dew Drop Inn are described as invitations to the wayfarer. Bird in Hand and Last House, or Final suggestions that he should not waste his opportunities to imbibe.

The Bull and Mouth is said to be a corruption of Boulogne Mouth, captured by Henry VIII. Bull and Gate, it is suggested, may possibly be a similar vulgarism for Roule and Gate. Great battles fought and fortresses taken are commemorated by Gibraltar, Waterloo, Battle of the Nile, and Trafalgar. Admirals range from Drake to Napoleon. Generals from Marlborough to Wellington. Nelson and Keppel being the most common. It is surprising how many of the Nelson inns are buildings three or four centuries old. "Showing that the innkeeper was prepared to sacrifice the sign under which he had hitherto done business and trusted to make a new reputation under the auspices of the popular hero."

Every Department is Showing New Fall Merchandise

Autumn Ready to Wear

Another shipment of suits, coats and dresses just received and put on display this week. At no previous season have we had an exhibit so nearly complete at such an early date. The new styles are full of surprises and win admiration at first sight. The new lines, the new materials, the new lengths and the new novel ideas in trimmings and other new features give greater opportunity for suiting individual tastes. You are also assured of an exclusive model if you buy here, as any garment other than the plain ones will not be duplicated in Colorado Springs. We are showing exact copies of models from the following French designers: Drecoll, Worth, Poiret, Paquin, Francis, Linker, Cheruit, and others. Come in when you can. We will be pleased to show you the new arrivals.

An Exquisite Showing of the New Fall Millinery

Yesterday we received another shipment of beautiful hats. Nothing so delightfully wearable has been seen in millinery for a long time and some are the most attractive styles we have ever shown, and certainly the assortment is larger than any we have shown at such an early date. We are also showing a number of beautiful creations from our own workrooms that are bound to meet with admiration.

Accept this as an invitation to visit our Millinery Department and view the most striking fall styles.

New Trimmings

The new fall trimmings are here. Among them are the new overdress in black, crystal and colors; new wide ecru bands, new Venetian bandings, Chantilly laces in black and cream, suitable for dresses and a number of others in the beautiful new effects for fall.

Display of New Dress Goods

An attractive group of the new autumn dress fabrics is now awaiting your inspection in our Dress Goods Department. The autumn's best weaves are to be seen here now, and in designs that are very attractive. We can give you no idea of their beauty you will have to see them.

New Neckwear

Another shipment of new neckwear has just been received. A beautiful lot of Robespierre ruffs for the neck; new effects in Robespierre collars, in black and white combinations; new net rufflings for coats and many others in the new novelty effects.

IT'S ALL OVER BUT THE SHOUTING

The carnival has come and gone. We've all enjoyed ourselves and we've all got terribly sun burned, so we are all going to use Gutmann's Dry Climate Cream. We've used it before and think it's swell. Have you got yours? It'll cure chaps and relieve sun burn.
